

KS1 Social Story – Coming back to school.

It's your turn to come back to school.

We are really looking forward to seeing you again.

Hopefully, you are feeling excited about coming to school.

You might be feeling a bit worried. That's ok. We'll be here to help you settle back in.

A few things in school are a bit different from how you remember them. This is because we are working hard to keep everyone safe and well.

When you arrive in the morning, you will have to queue to come into school but the adults will be waiting at the classroom door to welcome you.

You will notice that your classroom looks a bit different. Make sure you listen to the adults who will tell you how to stay safe in school.

At lunchtime you will be able to have a picnic lunch in the classroom. You can either bring your own packed lunch, or choose from the school menu.

At the end of the day, your adult will collect you and take you out of the school through the big green gates.

It will be great being back in school, seeing your friends and your teachers.

See you soon!
